

In the summertime...

By now, we have all hopefully had our feet out in flip-flops and pretty, bejeweled sandals, showing off those perfect 'Margaret Dabbs' feet. Whilst we all think that our feet are at their neediest post winter-socks and boots, think again! Over the summer, to maintain the results of your amazing Margaret Dabbs Pedicures, we can't emphasize enough the importance of maintaining your feet at home. Here are Margaret's top tips to maintaining healthy, beautiful, summer feet...

Foot filing is definitely a must for any DIY treatments. I would always recommend foot filing once to twice a week on dry skin. The Margaret Dabbs Professional Foot File is amazing and removes skin, safely and evenly, leaving your skin beautifully smooth.

After foot filing you must always replenish your skin with moisture! I would recommend the Intensive Hydrating Foot Lotion. It softens the skin and is luxurious to use. The skin of your feet will feel instantly softer and illuminated. Use this every day and your feet will instantly transform!

Margaret Dabbs Professional Foot File RRP, £24

Perfect Wedding Feet

Planning your big day and need the perfect wedding feet? Look no further than Margaret Dabbs. We can offer tailored treatment packages depending on your needs. We will ensure that whether you're the bride or the groom, your hands and feet are perfect for your big day. Perfect Wedding Feet are available at the Sole Spa at Liberty or our Marylebone Clinic. For more information call 0207 487 5510.

Laser Launch end of July!

To add to the extensive range of treatments already available at Margaret Dabbs and our mission to create healthy, beautiful feet, we will be launching our brand new state of the art Foot Laser mid-July. We will be using the laser to treat instances of fungal toenails and surrounding skin of the feet. The procedure itself, will last no more than 15 minutes at a time. We will be recommending up to four sessions of the laser to maximize results.

How does it work? The laser will be directed on infected toenails and the surrounding skin.

Best of all... this is a painless and quick procedure, with no side effects and that can treat all types of fungus however stubborn.

If you have any further questions... ask your podiatrist or call one of our clinics for further information.

New Season Colours

Hot off the AW13 catwalks, Rocooco's Summer Sheers Collection oozes high summer style with revolutionary sheer gloss shades in vibrant berry and rich toffee apple for on trend talons to style you through the seasons.

Hand Rejuvenation

Talking of hands and feet ...Margaret Dabbs is delighted to introduce the London Bridge Aesthetic Clinic based on Wimpole Street.

The clinic offers a range of hand rejuvenation treatments, including fillers to restore volume, laser treatment to correct pigmentation damage, steam vein sclerosis for the veins, and removal of moles and lesions. Laser hair removal for hands arms and feet is also helpful to give a youthful appearance.

All of our staff will work closely with Christopher Inglefield FRCS and Dr. Netzer who are based at the Clinic and will be happy to answer any questions you may have. www.lbps.co.uk

Watch out for Margaret

Margaret will be on QVC on the 4th and 6th July showcasing her amazing 'Beauty for the Feet' product range. Margaret will also be on ITV's 'Lorraine' breakfast television show, where she will be commenting on the latest trends in feet and telling us about the need-to-knows to maintaining healthy, beautiful feet at home!

New Product Alert!

Margaret Dabbs Foot Hygiene Cream

If you haven't already tried it, The Foot Hygiene Cream is a must! The cream is expertly formulated to eradicate the symptoms of sore, scaly, dry, cracked, blistered skin and discoloured nails. The combination of ingredients includes Benzoic and Salicylic acids to treat the skin, as well as our hero ingredient Emu Oil to promote skin renewal and hydration. It is the perfect hygiene measure for sweaty prone feet and is suitable for both men and women. It also works to eliminate symptoms of athlete's foot and general foot odour.

The 100ml tub is perfect to put in your gym bag or keep with you in your handbag to apply when needed to restore beautiful feet.

RRP £18 for 100ml
